OUR STORY.

Vinh Phat Furniture Co. Ltd. was established in November 2014 as a small workshop that only does built in and loose furniture for apartments, villas and houses. Throughout the years, we have gone through all the stages of trial and error, failures and lessons, we have accumulated both know-how knowledges and skills and a team that brings us to where we are now.

As a growing startup, we never stop listening, learning, changing and improving ourselves to be better

and try the best we can to satisfy our customers. We are constantly developing new products based on customer's ideas, feedbacks and working together with our customers to create better design to express their personalities and lifestyle through pieces of furniture.

With our business philosophy as "Quality, Integrity and Responsibility", we always try to deliver our commitment to our team, our customers and our partners.

VISION & MISSION.

“Becoming one of the top well-known Made In Vietnam Manufacturer in the region and all over the world for furniture and upholstery products.”

TO OUR PEOPLE

We believe our people is our great asset. We are committed to train, to improve and to develop our people to be best at work, to be responsible and helpful people to their family and society.

TO OUR CUSTOMERS

We are committed to continuously improve & to bring quality products and exceptional service to our customers.

TO OUR SOCIETY

We are committed to continuously contribute our responsibility to the environmental and sustainable development of the company in particular, and the society as whole.

TO OUR PARTNERS

We are committed to continuously respect our partnership that is based on integrity and transparency.

TOGETHER,
WE CREATE

OUR MANUFACTURING PHILOSOPHY .

For your individual production we combine the storage, handling, transport and processing of workpieces. Whether you need the flexibility of batch size 1 production to produce a wide range of product variants or want the efficiency of series production, we will find the right solution for you.

Market-driven production costs resulting from an optimum use of resources, short through feed times and low stocks are crucial factors, particularly if you have a wide variety of products. Benefit from our industry expertise, our many years of experience and our in-depth knowledge of the widest product range from a single source.

Today, manufacturing upholstery items without powerful and reliable machinery and labor is no

longer conceivable. We offer a system that is ideally suited to your needs. The ideal solution combining storage, handling, transport and processing of your products to ensure a reliable production process that will put you on the path to success. For series-manufactured furniture with an attractive price-performance ratio for your customers.

Parts per shift is a figure that you will know only too well, as it defines the level of efficiency achieved.
